## COMPANY OVERVIEW

Since our founding in 1995, ITCI has become a trusted and dynamic partner in business, cybersecurity, and risk consulting, delivering tailored solutions that evolve with the ever-changing security landscape. With nearly three decades of hands-on experience, we stay ahead of emerging threats, ensure regulatory compliance, and implement cutting-edge security practices across all industries.

Our mission is clear: to safeguard businesses, NGOs, governments, and educational institutions from both virtual and real-world threats. We work relentlessly to ensure that systems, data, and operations remain secure, compliant, and resilient in today's unpredictable environment. By leveraging our extensive expertise, we provide strategic consulting and solutions that drive security and success, fully aligned with our clients' goals and growth ambitions.
